

MENTORING MIĘDZY MOLAMI

SOPOTU, GDAŃSKA I GDYNI

I am happy and passionate when I travel, when I speak on a stage somewhere in the world or train a team - when I can see people's eyes and hearts from all cultures open up for new insight and knowledge. Colours, nature and light make me happy, too! I am happy when I am in my seaside rose garden, caring for all my roses while smelling and hearing the ocean. I am happy when people I love are healthy and happy and I am exploring new places with them
